

Experienced Investigators

Written by Administrator

Thursday, 22 December 2011 14:09 - Last Updated Friday, 27 November 2015 12:50

Experienced investigators who are currently working at the SEE-DRUG projects are:

Investigators

Field of expertise

Dr. Christos Chassapis

Dr. Athanassios Galanis

Field #1: Peptide/protein labeling strategies for NMR studies, data analysis & structure determination

Dr. Detlef Bentrop

Dr. Stavros Bariamis

Field #2: Expert in Bio-NMR Spectroscopy Applications

Dr Manousos E. Kambouris,

Dr. Andrew Stewart Field #3: Protein Crystallography & Biomolecular modeling/s

Dr. George Lagoumintzis

Dr. Sotiris Sideris Field #4: Molecular Biology and Biochemistry

Dr. Alexandra Patmanidi

Dr. Christina Kyrousi

Field #5: Confocal and Functional Microscopy

Experienced Investigators

Written by Administrator

Thursday, 22 December 2011 14:09 - Last Updated Friday, 27 November 2015 12:50

Dr. Panagiotis Panopoulos

Dr. Zongmin Zhou,

Dr. Glynos Constantinos

Field #6: *In vitro* assays used in vascular biology and inflammation

Dr. Vasilis Kotsikoris

Dr. Athanassios Spathis

Field #7: *In vivo & ex vivo* assays used in vascular biology and inflammation

Dr. Marianthi Georgitsi

Field #8: Data acquisition/integration, database development & curation
